

Foster Volunteers Needed

Rocky Mountain Labrador Rescue (RMLR) is a non profit organization that rescues labs and lab mixes from high kill shelters in addition to helping owners that need to surrender their dogs. In our first year of operation we have rescued approximately 175 dogs. We do not have a shelter for these dogs and operate only on foster homes that are willing to take in and love these dogs while we find homes for them. With more foster homes we would be able to save even more dogs!! If you are thinking about getting a dog or just want a playmate for your current dog without the commitment of a second, please consider fostering! It is an experience that is irreplaceable and so rewarding!! Our fosters mean so much to our organization and the dogs we are saving! We try to work with you as much as we can and will provide collars, leashes, food, crates and whatever else you might need.

If you would like more information, please e-mail us at rockymountainlabrescue@gmail.com or if you are ready to foster please go to our website, www.rockymountainlabrescue.com and fill out an application.
